

# JR LIGHT DUTY PULLING SOCKS

## KEY FEATURES

- ✓ Easy to install
- ✓ Strong galvanised wire construction
- ✓ Reusable

Light duty pulling socks. Designed with flexible eye and made of galvanised wire. Use for lighter weight pulling applications like pulling through conduit runs or indoor pulls.

# JR LIGHT DUTY PULLING SOCKS

## Dimensions

The figures shown are indicative only. Fully dimensioned data-sheets are available on request. Nominal figures/actuals are as per data-sheet with tolerances of +/-5%. Please contact us if you have any questions.

**Range dimension overlaps** If the cable, rope or hose you have lies where ranges overlap, e.g. 1" when sizing is 0.5-1.00 and 1.00-1.5 we recommend that you select your cable grip to achieve break load first. If tensile strengths are equal or both adequate, choose the smaller of the two. Please contact us if you have any questions.
